

WILL PAY THE BILL

For October's City Street Lighting in Full.

HAYWARD MUST BE NOTIFIED

When Lights Are Low, Immediately. The Street Railway Company Asks for One More New Route.

The common council decided last night that the city light inspector should notify the light company when he finds the lights are not up to standard power. It was also decided to pay \$351, deducted from the October bill because the inspector had not reported delinquencies to the company.

The street railway company presented a very important communication to the council in which it was stated that the Fifth avenue line as now operated was not satisfactory to the company nor to the public. The track already laid in Ottawa street was used and the company had prepared plans for a new route which should occupy the following streets: Fifth avenue, Lafayette street, State street, Jefferson avenue, Fulton street, Monroe street, Ottawa street, East Leonard street, College avenue and Quincy street. The route would make a good north and south route and reach a portion of the city in the northeast not yet reached by the street railway system. The matter was referred to the committee on streets and ordinances.

Residents on Hall street asked to have that street graded on the five-year plan. Referred to the committee on streets. Residents on Eureka avenue asked to have the street graded on the five-year plan. Referred to the committee on streets.

The Union of International Upholsterers asked to be allowed to stretch banners across West Bridge street. Granted.

Residents on Hall street asked for a low light on that street, where the Grand Rapids and Indiana railroad crosses it. Referred to the committee on lamps.

Residents on Home avenue remonstrated against the grading of that street for the present. Referred to the committee on streets.

Comptroller's Report.

The comptroller reported bills calling for sums from the various funds as follows:

General fund	\$ 3,221.94
Poor department fund	1,380.28
Contingent fund	120.43
Superior court fund	78.40
Valley city cemetery fund	85.25
Bridge fund	1,099.22
Lamp fund	17.25
John Hall park fund	17.25
First highway fund	7.50
Second highway fund	42.84
Third highway fund	6.75
Fourth highway fund	28.34
Fifth highway fund	15.29
Sixth highway fund	15.28
Seventh highway fund	15.28
Eighth highway fund	11.69
Ninth highway fund	6.75
Tenth highway fund	13.49
Eleventh highway fund	11.49
Second sewer district	886.55
Water works fund	1,597.95
Total warrant	\$14,499.35
Special	2,498.11
Grand total	\$16,997.46

Will Not Pay the Costs.

The city attorney reported regarding the liability of the city to pay the costs in taking the case of Burroughs vs. W. H. Eastman, John Johnson and J. W. Hurley to the supreme court; that the arrest of Mr. Burroughs was ordered by President More of the board of commissioners. The suit resulted from the arrest and the police officers were in no wise to blame. He did not think the city legally liable, but in honor the city should pay these costs.

On motion of Alderman Mills the report was accepted and will probably never be taken up again as some of the aldermen are very much opposed to paying the bill.

The committee on ways and means reported that the comptroller be allowed an extra clerk to aid in collecting the claims as taxed by the city. The report was silent on the subject of whether or not the old bills for clerical aid should be paid. It was adopted.

The committee on ordinances reported an ordinance for the Perry T. Cook Street Railway company. It was passed to its third reading and ordered printed.

The committee on charter amendments recommended that the charter be so amended as to give the council discretion as to whether sewers shall be built and streets improved by the day or by the job. The consideration of the matter was postponed one week.

The Market Place Question.

The special market committee reported in favor of renting the Comstock site for \$100 and the general taxes, which amounted to \$200 last year. Alderman Hall said he did not think the committee had looked up the matter of taxes. Alderman Mills made his usual kick, and declared that no farmers had asked for a better market place. He moved to accept the report and place it on file. He said he knew all about the ground on the Comstock site and it was not fit for a market place. His motion was lost. Alderman Hall moved to amend so that the city shall lease the site for one year with a privilege of two years. The motion prevailed and then Alderman Mills jumped to his feet and moved to lay it on the table for one week. He said he would like to go and see the site so he could know what he was voting on. The motion prevailed, and the committee was ordered to report the taxes paid on the Comstock site last year, and the cost of the present market site.

An ordinance to change the name of Cass street to Lake avenue, was presented and passed to its third reading.

Read the October Bill.

Alderman Stein moved to take up an old report of the committee on claims and accounts, which recommended that the city inspector notify the Electric Light company when lamps are not up to the standard, and recom-

mending that the deduction made in the monthly bill be paid.

Alderman Hall scoffed at the idea of the city paying an inspector to inform the Electric Light company when its lights are low.

The matter was debated for a half hour. Some of the aldermen argued that the city inspector should notify the company. Others argued that it was not the city's duty. The report was adopted and the sum deducted from the lighting bill for October was allowed.

An Enemy Baffled.

There is an enemy with whom thousands are familiar all their lives, because they are born with a tendency to battle with it. With this enemy they are constantly battling with intellectual weapons. Hostetter's Stomach Bitters will battle it. Mere purgatives will not reform a disordered condition of the liver indicated, not by constipation alone, but also by sore head, yellowness of the skin and eye balls, nausea, tired tongue and uneasiness more particularly upon pressure on the right side, upon the abdomen. At the first avoid drastic purgatives which gripe and weaken the intestines, and substitute this world-famous medicinal cordial, which like wise removes malarial, stomachic and kidney conditions, rheumatism and nervousness. As a laxative of the bowels, painless but efficient, it improves appetite, sleep and the ability to digest and possess the additional advantage of a standard tonic.

For pains in the chest there is nothing better than a flannel cloth saturated with Chamberlain's pain balm and bound on over the seat of pain. It will produce a counter irritation without blistering and is not so disagreeable as mustard; in fact is much superior to any plaster on account of its pain-relieving qualities. If used in time it will prevent pneumonia. 50 cent bottles for sale by F. J. Wurzburg, druggist, No. 58 Monroe street.

Mothers and Daughters.

Over twelve years I was afflicted with a very serious female difficulty and for the last sixteen months was under treatment of three of the very best physicians that money could employ. Under their skillful treatment I gradually grew worse, until they decided they could render me no permanent help. One of my friends persuaded me to try a bottle of Dullam's Great German Uterine Tonic, and after taking three bottles, I can say I am in better health than I have been for twenty years, and am now 60 years old, but feel as young as at 30.
